

Z-PRESS

Z-Press Jaw Compatibility Chart

Are my Z-Press Jaws compatible with other manufacturers Press Guns?

Z-Press M-Profile Press Tools are built to last and built to get the Job Done. This also means that the Z-Press Jaws are built in the same way, tough and long-lasting. It is always better to use a Z-Press Tool with Z-Press Jaws but if you want to use Z-Press Jaws with other manufacturers you can but please check the chart below and make sure you follow all manufacturers guidelines.

I have a MP-1930 which is supplied with 15 mm - 35 mm Jaws.

These Jaws **are** compatible with some press tools from Novopress, Milwaukee and Klauke (There is also only certain models within these tool manufacturers that are compatible).

They are **not** compatible with Rigid, Rems or Rotherberger.

NEW ANGLED JAWS ARE ONLY COMPATIBLE WITH NOVOPRESS ACO103
